#### Recommendations

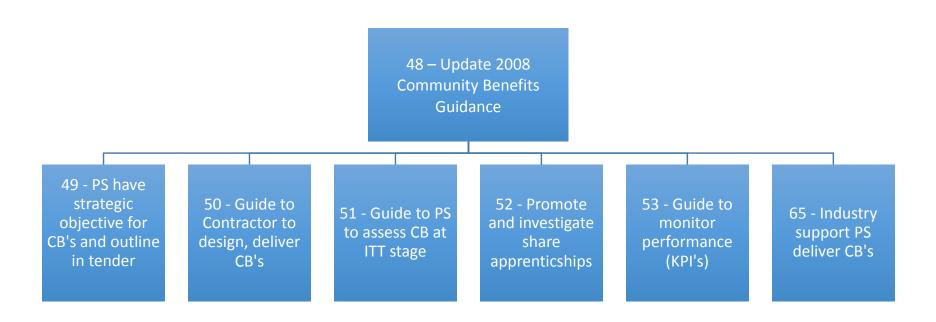

#### **Community Benefit Toolkit**

#### **Overview**

Requirement to review and update the Scottish Government 2008 community benefits guidance for construction. This revision to the guidance should support Contractors and the Public Sector to procure, implement, measure and deliver effective community benefits within contracts.

#### **Community Benefit Toolkit**

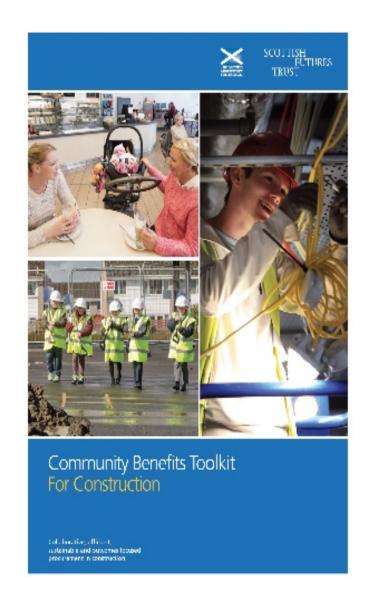

"Community Benefit requirements should be proportionate, deliverable and aligned to the specific needs of that project"

Published – 18<sup>th</sup> Aug 2015

Toolkit to support the embedding of community benefits within **construction** procurement.

A toolkit for both buyers and suppliers.

Supplementary to forthcoming statutory guidance.

#### Regulated Project

Deemed a regulated project if the Public contract is above £50,000 or a Public works contract above £2,000,000.

#### Sustainable Procurement Duty

As a regulated project then Sustianble procurement duty imposed.

#### **Community Benefits**

Community benefits embedded within procurement to meet the sustainable procurement duty.

**CBCs in Service Contracts** 

## **Building a Community of Practice / Knowledge Share – Aims through Champions Network:**

Securing community benefits through service contract procurements:

- Share knowledge of what has worked well through interactive sessions
- Build practical application in service contracts
- Focus on focused / targeted scored community benefit clauses / criteria (horizon of "hard-wiring" via Procurement Strategies, Prioritisation etc)
- Contribute to maximising "reach" of 2014 Act

#### But also not forgetting....

Social considerations may be advanced through:

- Use of frameworks
- Use of the Supported Business reservation
- Use of Lots
- Focus on the specification
- Recognising that in certain circumstances, commissioning may not be subject to procurement law or may be under the "Part B / light touch" regime

## **Building a Community of Practice / Knowledge Share - Service Contract Areas:**

- IT / ICT
- Catering
- Waste Management
- Events Management
- Social Care
- Facilities Management
- Repair and Maintenance (though generally works)
- Joinery
- Professional services Engineering / architecture
- Professional services Legal / Financial advisory
- Other!

## **Building a Community of Practice / Knowledge Share – Benefit Type:**

#### Education

- measures with schools
- measures with further/higher education
- measures with community
- Supply chain opportunities / upskilling
  - advertisement
  - capacity building measures
- Community engagement
  - To add value to end-users of service
  - to inform service evolution over time
- Employment
  - Long-term unemployed
  - youth enemployed
  - specific disadvantaged groups

- Employment / Training
  - apprenticeship / modern apprenticeship
- Training / upskilling
  - various that are position dependent
